

**Annual Meeting of the American College of Chiropractic Consultants,
And Council on Forensic Sciences**

OPENING DAY PROGRAM WORKSHOP

Thursday, October 8, 2020 from 8:00 a.m. to 5:00 p.m.
Chicago Marriott Oak Brook, 1401 W 22nd Street, Oak Brook, IL

Workshop Title: *Assessment and Diagnosis*

Instructor: K. Jeffrey Miller, DC, MBA

Workshop Description: Assessing the best treatment for a condition is dependent on an accurate diagnosis. The most probable diagnosis is the result of a meticulous and methodological process, which will be outlined. This process covered in the presentation includes an obtaining an accurate history, performing a precise and relevant examination, and considering other conditions that have similar symptoms—but are ruled out. This careful process reflects the provider's training, acquired skills, and cognitive effort that all contribute toward formulating a specific diagnosis. The diagnosis is reported by using federally mandated International Classification of Disease codes to the greatest degree of specificity.

Course Learning Objectives

The attendee will be able to determine what evaluation aspects are necessary based upon the clinical presentation of the patient to arrive at the most appropriate diagnosis to direct a patient and case specific treatment plan to meet best practices.

Workshop Title: *Just the Facts: The Role of Compliance in Risk Management*

Instructor: Mario P. Fucinari, D.C., A.P.M.P., C.P.C.O., M.C.S.-P

Workshop Description: Being a physician, forensic specialist, or an insurance consultant means you must know every step to providing care and reimbursement in the office. What are the policies, procedures, and guidelines for documentation, billing, front desk procedures, and staff training? These questions beg for clearly written, specific policies and procedures that will serve as roadmaps for your organization. Dr. Mario Fucinari is a practicing chiropractor, Certified Professional Compliance Officer, Certified Insurance Consultant, Certified Medical Compliance Specialist, author, and national speaker. He will bring his expertise and knowledge to understanding every aspect of the chiropractic office.
